Thinking Fitness Junior Gym

We're excited to offer our new look junior gym memberships for juniors between the ages of 11 to 15.

Our junior members get access to our junior gym sessions, now with new added equipment included.

A compulsory gym induction with one of our fitness instructors will be completed to help set them on the right path of their fitness journey in a safe and inclusive environment.

Junior Gym

Sessions Timings

Monday to Friday:
4:30PM - 6:00PM

Saturday & Sunday:
All day in line with
centre hours

What's more if a junior member
trains with an adult (21 and
over*) they can train outside of
the junior gym times.

*A maximum of one parent/guardian to two children ratio.

Inductions

What is an induction and why would I need one?

An induction is our way of setting junior members on the right path of their fitness journey. Our staff will take the junior member through the equipment that they are permitted to use and teach them how safely use it. We'll give all junior members a structured programme to follow which aligns to any fitness goals.

An induction is compulsory for all junior members.

Existing junior gym members

Existing junior gym members who wish to take advantage of the new offering are also required to undertake a compulsory induction to upskill their knowledge to allow the use of the resistance machines.

One for the adults

When signing up for a junior gym membership, both parent/guardian and junior must attend together to complete all membership paperwork.

Upon completion of sign-up an induction will be booked in.

Once completed, our fitness instructor, along with the parent and junior member, will sign to confirm attendance of the induction, and a membership card will then be issued.
